### EOHI 2021 FUEL Leaders

Our FUEL Leaders lead the company-wide community involvement initiatives and monthly employee events at each location. These initiatives would not be possible without their support and leadership. Thank you all for contributing to our family-oriented company culture and making EOH I a great place to work!

# Company-wide Trainings

Thank you all for your feedback on the 2021 FUEL survey. Based on the responses we received, we will begin offering various monthly company-wide trainings. These trainings will range from how to use tools such as WebQuery, Excel, P21, LinkedIn, Teams, etc., to basic internal fluid power sessions and more.

Upcoming optional trainings being offered are:

- March 30th @ 10:30 AM - Tech Talk: Application Diversity through Value Add
  - Our goal is to provide you, employee-owners, more information on the types of solutions we provide to customers across all sister companies. During this Tech Talk, Michael Maggiore from GCC will cover a pneumatic application overview, engineering involvement, testing parameters & why we won
- April 14th @ 10:30 AM CST - Teams Training
  - A basic overview on how to use Microsoft Teams, including helpful tips, where to find company marketing materials, and addressing specific questions submitted by the group.
- May 13th @ 10:30 AM CST - Part 1 of 3 Excel Training
  - This first training will cover all the basic functions of using excel. The following trainings in this series will cover more advanced functions.
