## Hydraquip Central Green Facility Updates

Our Production, Repair and Fluid Conveyance personnel at Hydraquip Central Green have been working hard at revamping the warehouse to optimize productivity. The team reorganized and reconfigured the valve build center so it is ready for production in a streamlined location, with newly cleaned paint equipment. We'd like to thank these hard workers for taking their time to help complete these facility improvements.

## COVID-19 Community Involvement Initiatives

- GCC Spokane raised \$350 towards pet food and supplies to the Spokane Humane Society for shelter pets in need.
- HYD Denver raised \$235 for The Food Bank of the Rockies.
- GCC Tampa collected over 100 items ranging from phone chargers, usb cables, headphones and more, requested for COVID-19 patients at Tampa General Hospital to assist them with keeping in communication with their families.
- HYD Tulsa donated goods to Coffee Bunker's mission towards delivering food to veterans who are unable to leave their homes during COVID-19.
- All Houston facilities raised over \$300 in monetary contributions to the Houston Food Bank and had numerous people donate blood.

## SOCIAL MEDIA HIGHLIGHT

## Employee Spotlight

**Ryan Thomson - Hydraquip**

Ryan Thomson is an Account Manager at Hydraquip in our Denver office. He works to increase sales with both new and existing customers.

In his free time Ryan enjoys playing ice hockey, going hiking/camping, listening to live music and gardening.

Being part of the EOHI family is the best part about his job. The relationships he has made within the company have allowed him to grow both personally and professionally.

Exploring the back-mountain roads and hiking trails of Colorado is one of his favorite spots to venture to.
